# Big Water Test Data

**Liquid Trans Hydro Mini  
Closed Relay Test  
Royersford, PA  
May 2004**

# Facts & Figures...

- This presentation is from the Archives of Larry Davis, former Vice President of GBW Associates, LLC.
- During May 2004, Larry led a series of performance tests and operational demonstrations on the Liquid Trans Hydro Mini.
- This presentation is a brief summary of the various tests. Unfortunately, we don't know the results of the test – in terms of gpm.
- The first test was conducted in Royersford, Pennsylvania where the unit was being demonstrated to several local fire companies.

# Overview of Liquid Trans Setup

# The Set-Up

The Mini showed its ability to pump in shallow water

# The Set-up

Pump sitting on river bottom in shallow water

# The Set-up

Mini serves as source pump to relay water to Humane Fire Company pumper through 100 ft of 5" hose

# The Set-up

# The Set-up

Pumper discharges through 3" line to master stream
