

**FOR FIRES THAT
PLAY HARD TO GET.**

FYR FLOTE BY HALE PUMPS

FYR FLOTE BY HALE

DESIGNED BY FIREFIGHTERS FOR FIREFIGHTERS

Fires aren't always within reach of pumpers or large portables. They occur out in the woods, in remote mountain cabins, on board a cabin cruiser, or in the middle of a marina. You know the scene; now, if you have just four inches of water . . . you've got it made. With Fyr Flote, the new floating portable pump from Hale that can go to work on any out-of-the way fire . . . from a stream, ocean or a swimming pool . . . whatever happens to be there.

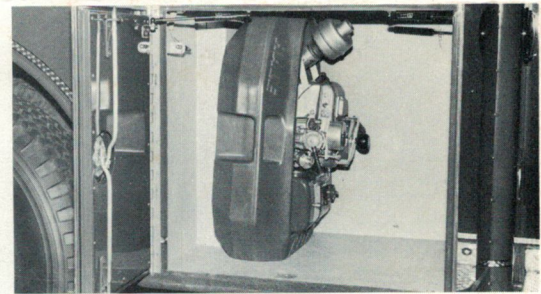

LIGHTWEIGHT, DURABLE

Weighing just 49 pounds, Fyr Flote can easily be handled by just one person. The unsinkable float is foam filled, high strength polyethylene that can take a beating year after year. The compact float includes dual carrying handles and a splash suppression collar for engine protection in rough water. Only 28 inches long, the Fyr Flote is designed to easily store in a garage, in a boat or vertically in a fire truck compartment.

DEPENDABLE PERFORMANCE

The Fyr Flote engine is equipped with solid state ignition for easy starting, a totally new pressure governing system for automatic engine speed control and an electrically operated overspeed control. The 6 quart fuel tank provides up to 1½ hours of operation and it comes with a fuel line filter as standard.

GPM	HIGH VOLUME 20FV-C8		HIGH PRESSURE 20FP-C8	
	PSI	Ft. Head	PSI	Ft. Head
10	125	300	210	485
70	85	196	75	173
140	25	58	-	-

INSTANT PRIMING

Once the engine is started, launch the Fyr Float and you have instant firefighting capability. No suction hose is required and an exclusive auto prime valve immediately removes entrapped air to assure instant and complete priming – easy for the homeowner, boatowner or firefighter to operate.

TWO MODELS

The Fyr Flote is offered in 2 models for your choice of performance. Capacities of up to 140 GPM (FV Model) or pressures up to 220 PSI (FP Model).

FYR FLOTE IS FOR YOU

Lightweight, portable, durable . . . the Fyr Flote is engineered for high performance. It provides an excellent 1½ inch fire stream to get the job done. An optional stowaway accessory package contains an adjustable nozzle, 100 feet of 1½ inch hose, tune-up kit and 2 cycle oil, all in a handy canvas carry bag. 2 cycle oil conveniently packaged and our tune-up kits are available separately.
